

## CHEMISTRY

- **ZNChem 25**  
Everything you need, nothing you don't!

## HEMATOLOGY

- **ZBC**  
CBC w/ Manual Diff Review and an awesome Path Review and Retic Count if needed!

## FECAL

- **O&P w/ Giardia**  
We run every O&P with Giardia because it's the right thing to do!

## URINALYSIS

- **ZNanalysis**  
Complete urinalysis with free growth/no growth culture & protein:creatinine ratio. If bacterial growth is seen, microbial ID and sensitivity can be added on for an additional fee (see Green Tests). If no growth is seen, there is no additional fee and you are good to go – it's a negative culture!

## COAGULATION

- PT
- PTT

## ENDOCRINOLOGY

- T4
- Free T4
- TSH
- Cortisol
- Progesterone

## SEROLOGY/INFECTIOUS DISEASE

- **Heartworm Antigen**  
(for Feline HW Antibody see Green Tests)
- Ehrlichia
- Lyme
- Anaplasma
- FeLV
- FIV
- Lepto Rapid Assay

## INDIVIDUAL TESTS

- **ZNPLI-ZNLabs Pancreatitis Assay** (PLI equivalent)

**NOTE:** For detailed information about each test (e.g., methodology, volume requirements, etc.) visit our website: [www.znlabs.com](http://www.znlabs.com) to see the full Directory of Services.

## MAKE YOUR OWN CUSTOM PANELS

JUST DEFINE WHAT YOU USE THE MOST  
SAME PRICING AS ABOVE

### EXAMPLE CUSTOM PANELS

- **PANEL 1: ABC Vet Clinic General Panel** COMPONENTS: CBC, CHEM, U/A (\$15 + \$10 + \$5 = \$30)
- **PANEL 2: ABC Vet Clinic Senior Panel** COMPONENTS: CBC, CHEM, U/A, T4, Free T4 (\$15 + \$10 + \$5 + \$5 + \$5 = \$40)

## LOGISTICS CHARGE

**\$5 PER PACKAGE**

No matter how many samples are in the package, how many tests are run per sample or which tests (Green, Blue or Orange) are run. A package with 1 sample has a \$5 logistics charge. A package with 15 samples has a \$5 logistics charge.

## OUR PHILOSOPHY: SIMPLE. FRIENDLY. FAIR.

It Just Makes Sense!

### SIMPLE

- **Astonishingly simple test menu.**  
[do you really want a 200 page test guide?]
- **Prices you actually understand** and remember.
- **Fast and easy** from order, to shipping, to results.

### FRIENDLY

- **We love to help!** We welcome requests, & address issues rapidly – with a smile. :)
- **Talk to a real live person** when you call [no annoying phone trees]. We're here for you!
- **Free testing** for all Dr and staff pets [equal is beautiful]!

### FAIR

- **No contracts, ever!** Our service will keep you.
- **Amazing prices.** Save money and smile.
- **Billing issues fixed in a flash.**  
In fact – remove anything in question from your bill, no need to ask.

## MICROBIOLOGY

- Aerobic C&S
- Aerobic C&S & Anaerobic ID
- Urine C&S
- Fungal Culture
- Blood Culture
- Fecal Culture
- Dermatophyte Culture

## ENDOCRINOLOGY

- ACTH Stim
  - 1 pre & 1 post
  - 1 pre & 2 posts
  - 1 pre & 3 posts
- Dex Suppression
  - 1 pre & 1 post
  - 1 pre & 2 posts
  - 1 pre & 3 posts

## SEROLOGY/INFECTIOUS DISEASE

- Fungal Titers
- Tick Titers
- Toxoplasma Titers
- K9 Core Vaccine Titer  
Distemper & Parvo & Adenovirus
- Feline Core Vaccine Titer  
Herpesvirus, Calicivirus, Parvovirus (Panleukopenia)
- Feline Heartworm Antibody
- Rabies Titer not for export
- K9 Core Vaccine Titer & Rabies Titer
- Leptospira 6 Serovar Titer & PCR
- Cryptococcus Antigen

## HEMATOLOGY & COAGULATION

- Feline Hemotropic Mycoplasma  
(Hemobartonella) by PCR
- Fibrinogen

## GI/PANCREATIC TESTING

- Bile Acid Pre/Resting
- Bile Acid Post
- K9 or Feline Pancreatic Lipase
- TLI
- PLI, TLI, Cobalamin, Folate
- Occult Blood
- K9 Parvovirus by PCR
- Feline Parvovirus (Panleukopenia) by PCR

## THERAPEUTIC DRUG MONITORING/PHARMACOLOGY

- Bromide
- Phenobarbital
- Levetiracetam (Keppra)

## PCR TESTING

- K9 or Feline GI/Diarrhea Panel
- K9 or Feline Respiratory Panel
- K9 or Feline Anemia Panel
- K9 or Feline Fever of unknown origin

## INDIVIDUAL TESTS

- Stone Analysis
- Urine Cortisol:Creatinine Ratio
- Fructosamine
- iCa<sup>++</sup> (ionized calcium)
- SDMA
- Amylase
- Coggins (Not available yet. Call with questions)

## HISTOPATHOLOGY

- **SIMPLE**  
Single lump or bump, 1-3 day turnaround
- **COMPLEX**  
Everything else (more than one lump or bump, a huge lump or bump, a whole liver lobe, a whole spleen, an amputated digit or leg, a mandibulectomy, a whole eye [ocular path], and dermpath)  
2-4 day turnaround
- **Dermatohistopathology**  
w/ Dermatology Consult
- **Liver Biopsy**  
w/ Quantitative Copper & Liver Special Stains

## CYTOLOGY

- **SIMPLE** Single FNA
- **COMPLEX**  
Multiple FNAs, Fluid Analysis, Bone Marrow Aspirate, CSF Analysis
- **DIGITAL CYTOLOGY**

**NOTE:** For detailed information about each test (e.g., methodology, volume requirements, etc.) visit our website: [www.znlabs.com](http://www.znlabs.com) to see the full Directory of Services.

## LOGISTICS CHARGE

### \$5 PER PACKAGE

No matter how many samples are in the package, how many tests are run per sample or which tests (Green, Blue or Orange) are run. A package with 1 sample has a \$5 logistics charge. A package with 15 samples has a \$5 logistics charge.

## ENDOCRINOLOGY

- Extensive K9 or Feline Thyroid Panel
- Malignancy Panel (PTH, PTHrp, iCa<sup>++</sup>)
- Parathyroid Panel (PTH, iCa<sup>++</sup>)
- Free T4 by ED
- Glucose Curve

## SEROLOGY/INFECTIOUS DISEASE

- Knotts
- Feline Coronavirus
- Brucella Canis
- FIP by PCR
- Bartonella by PCR
- Bartonella Serology

## HEMATOLOGY

- Hemostasis Panel (aPTT, PT, TCT, VW:Ag)
- DIC Panel  
(aPTT, PT, TCT, Fibrinogen, D-Dimer)

## THERAPEUTIC DRUG MONITORING/PHARMACOLOGY

- Digoxin
- Zonisamide
- Cyclosporine

## INDIVIDUAL TESTS

- Protein Electrophoresis
- Acetylcholine Receptor Antibody/  
Myasthenia Gravis
- 2M Antibody Masticatory  
Muscle Myositis

## PCR TESTING

- Individual Organism
- Pick 4 Organisms

## TOXICOLOGY

- Blood Lead

## HISTOPATHOLOGY

- Mast Cell Tumor Prognostic Panel
- Mast Cell Tumor PCR Exon 8 & 11  
c-KIT Gene
- Lymphoma PCR/PARR
  - T & B Cell
  - T or B Cell
- Quantitative Copper
- Melanoma Diagnostic Panel/Cocktail
- Melanoma Prognostic Panel
- Histochemical Stains (PAS, GMS, Copper, etc)
- Duplicate Stained Slide
- Duplicate Unstained Slide
- Immunohistochemistry 1 Stain
- Immunohistochemistry  
Each additional stain on same sample
- Necropsy

## CYTOLOGY

- Buffy Coat
- Lymphoma PCR/PARR from cytology slides
- Immunocytochemistry

**NOTE:** For detailed information about each test (e.g., methodology, volume requirements, etc.) visit our website: [www.znlabs.com](http://www.znlabs.com) to see the full Directory of Services.
